Haftung für sicherheitsrelevante Anlagen, Geräte oder Bauteile

Bei sicherheitsrelevanten Bauteilen, Geräten und Anlagen entfällt jede Haftung von DUNGS, und zwar sowohl die Produkthaftung für Folgeschäden jeder Art, als auch die Haftung für Sachmängel, wenn Eingriffe, Veränderungen oder Reparaturen an diesen sicherheits relevanten Bauteilen, Geräten und Anlagen durch nicht autorisiertes Fachpersonal oder unter Verwendung von nicht für den Einsatz speziell zugelassenen Ersatzteilen vorgenommen werden.

Liability for safety-related systems, devices or components

For safety-related components, devices and systems, any liability of DUNGS, i.e. product liability for any kind of consequential damage as well as liability for defects, will cease to exist if alterations, modifications or repairs are made to these safety-related components, devices and systems by unauthorized specialist staff or with spare parts which have not been specially permitted for use in these safety-related components, devices and systems.

Responsabilité relative aux installations, appareils et composants de sécurité

En ce qui concerne les composants, appareils et installations de sécurité, DUNGS décline toute responsabilité, aussi bien en cas de dommages consécutifs de toutes sortes dus au produit qu'en cas de défauts du produit, si des interventions, modifications ou réparations ont été réalisées sur ces composants, appareils et installations de sécurité par un personnel spécialisé non habilité à cet effet ou si des pièces détachées ne disposant pas d'une homologation spécifique à l'usage qui en est fait ont été montées sur ces composants, appareils et installations de sécurité.

Responsabilità per impianti, apparecchi o componenti rilevanti in termini di sicurezza

Nell'ambito di componenti, apparecchi e impianti rilevanti in termini di sicurezza, decade qualsiasi responsabilità da parte di DUNGS, e con ciò s'intende sia la responsabilità di prodotto per danni conseguenti di qualsiasi natura, sia la responsabilità per vizi oggettivi, nel caso in cui su tali componenti, apparecchi ed impianti rilevanti in termini di sicurezza siano effettuati interventi, modifiche o riparazioni da parte di personale non autorizzato o senza l'impiego di parti di ricambio omologate per l'uso specifico.
