Marketintroduction

Medium Pressure Regulator FRM-NOC

The FRM-NOC series is ready for sale. The **NOC-Series** (**not** compensated regulator) is suitable for fast load changes with a controller ratio up to 1:30.

Diameters: DN 25 - 50, Rp 1 - Rp 2
 $p_{\max.}$: 10 bar (1000 kPa)

Available from: May 2019

Please inform your customers.

Nomenclature	FRM-NOC	100	025	ND	SAV	ND
Example FRM 100025 ND / SAV ND						
Type	Medium pressure regulator spring-loaded					
MOP	100 ... 10 000 mbar					
Nominal diameter	10 1"					
	15 1 ½"					
	20 2"					
	025 DN 25					
	040 DN 40					
	050 DN 50					
Outlet pressure ranges	ND Low pressure					
	MD Medium pressure					
	HD High pressure					
	UHD Ultra high pressure					
Safety device	SAV Integrated safety cut-off valve					
Cracking pressure ranges	ND Low pressure					
	MD Medium pressure					
	HD High pressure					
	UHD Ultra high pressure					
Type of thread/flange	with Standard Rp or PN-25					
	ANSI with flanges ANSI 150 lbs					
	NPT with threads NPT

Elimination

Filter inserts GF .../1, GF .../2

The gas filter series GF/1 and GF/2 were already eliminated more than 10 years ago. Due to low sales quantities the filter inserts will be now eliminated as well.

Please inform your customers.

Elimination Timetable	Deadline		
Announcement Elimination RepNews 02-2019	from 2019-05-07		
Last order	Please note: NO last order!		
Designation	Order No.	Replacement	Order No.
